

DEL TALIAFERRO'S SON LOST 7 HOURS; FOUND IN THICKET

STAMFORD, Conn., Jan. 6.—For more than seven hours fifty men and

women searched the woods near here for thirty-month-old William O'Brien, only child of Mr. and Mrs. Joseph P. O'Brien, yesterday. The latter is known in professional life as Mabel Taliaferro. The little wanderer was found just before midnight, wet through and through, exhausted and suffering from the cold.

The boy left the O'Brien farm between Long Ridge and High Ridge at 10 A. M. and was last missed for half an hour. His mother and father, who was a Captain in the United States Army, made a hurried search and then called on neighbors, police, and boy scouts.

No trace of the child was found till 6 o'clock. The searchers had just begun to draw conclusions as to the boy's whereabouts when a cry from a thicket. Several minutes later he came upon the boy, stretched out in some thick undergrowth at the foot of a hill.

To Savings Bank Depositors

Thoughtless people draw money unnecessarily at times from their Savings Banks. Thoughtful people who must have money do not draw a dollar more than they actually need.

And they make it a point to deposit all the money they can in the Savings Bank between now and the 10th of January, inclusive, in order to get the benefit of interest from January 1st. These are the people who never worry about

Seven Lean Years

But in all the Land of Egypt there was Bread

WHAT an example of foresight to every man, woman and child in America, ringing clear and true down thru the centuries! In the years of plenty, when Youth and Health shone, in the time to save and not to spend. Men with the foresight of Joseph have created the modern Savings Bank wherein the people of America may store in unshaking their treasured savings. These institutions are owned by the depositors and regulated by the State. Six billion dollars of savings in the 635 Savings Banks of the United States are proof that ten million depositors have profited by the Message of the Centuries—

YOU NEED PEPTO-MANGAN

A Really Wonderful Blood Tonic That Puts You Back on a Healthy Basis

Your face will tell you how your health is. Moody, complexion and drawn, pale, haggard faces usually mean bad blood, clogged with poison. It is dangerous. Your powers of resistance are low. Disease germs would have an easy time of it.

When you work too hard, you get fatigued. You probably keep it up for days, perhaps months, without feeling any bad effects. Sooner or later it tells in your blood. You are not yourself.

It is then your blood needs the help of that great tonic, Pepto-Mangan. It is a wonderful remedy that physicians have recommended for thirty years.

But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package. You can buy it in liquid form or in tablets, whichever you prefer; one has the same ingredients as the other and gives the same effect.—Adv't.
